OFFICE OF THE DIRECTOR

DD FORM 1057

Honorable Allen W. Dulles  
Director  
Central Intelligence Agency  
Washington 25, D. C.

Dear Mr. Dulles:

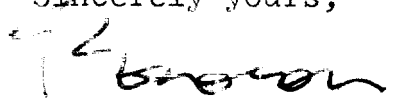

This is with reference to my letter of October 7, 1957 and the meeting held in the Department of State on October 21 for the purpose of receiving the results of a study conducted by Dr. William O. Baker and his associates under the auspices of the ODM Science Advisory Committee.

As agreed at that meeting, departmental and agency comments will be submitted to this office not later than November 15, 1957. Copies of the report have been made available to your staff for this purpose. Also in accordance with our agreement, copies of the report have been made available to members of USCIB.

To facilitate full understanding of the contents of the Baker draft report and to assist agencies in arriving at their views on this report to be considered in its revision, it is requested that representatives of your organization meet with Dr. Baker and his panel Thursday, October 31, at 9:30 a.m. in Building 19, Room 244, Naval Security Station, 3801 Nebraska Avenue, N. W. If this date is not convenient, Dr. Baker will attempt to make special arrangements to meet separately with your representatives.

It is further requested that you notify my office as to those representatives of USCIB agencies, not in attendance at the Baker presentation, who will attend the meeting on October 31.

Sincerely yours,

  
Gordon Gray  
Director
